RUMS

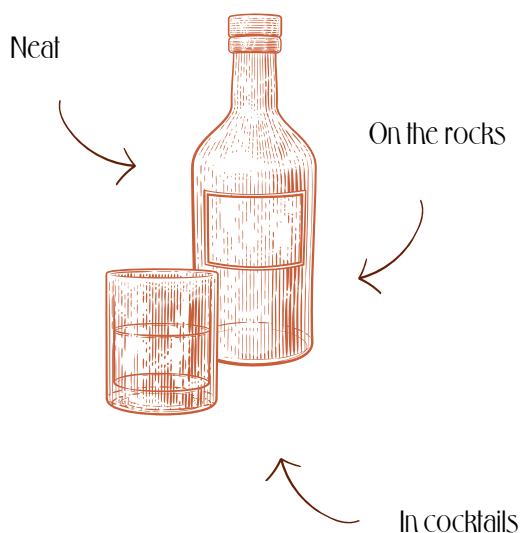

CHARACTERFUL RUMS

An invitation to travel

Here, rum is never chosen at random.
It is born from sugarcane, sunshine, and time.
Depending on its origin, it can be lively, smooth, woody,
spicy, or full of surprises.

We have selected 12 rums
with very different profiles:
from the freshest to the most complex,
from the most approachable to the most exclusive.

Every glass tells a story,
every bottle has a personality.

Let us guide you:
we will recommend a rum to suit your taste.
